IELTS PREPARATION CLASSES

Our 6-week preparation classes are for those planning to take IELTS. The test is designed by the University of Cambridge & IDP Education Australia and organised by the British Council and AEO Pakistan. There are 2 test types, Academic and General. Both consist of listening, reading, writing, & speaking modules.

A good IELTS band is compulsory for admission in all prestigious foreign educational institutions where English is the medium of instruction and for emigration to countries such as the UK, Canada and Australia.

We teach IELTS test-takers the skills required to achieve higher bands. There is more focus on effective methods to take the listening, reading, writing, and speaking tests. Learners receive practice material and sit full-length tests every week with detailed feedback highlighting areas for improvement.

We also provide individual support to learners as and when required.
